Summary

Aspiring Full Stack Web Developer with a strong foundation in both front-end and back-end technologies. Proficient in HTML, CSS, JavaScript, React, Next.js, Node.js, Express.js, MongoDB, and SQL. Experienced in developing and deploying personal and academic projects, demonstrating a solid understanding of web development principles. Familiar with tools such as Git, GitHub, Visual Studio Code, and RESTful APIs. Passionate about learning new technologies, solving complex problems, and contributing to innovative projects. Eager to leverage my skills and enthusiasm to contribute to a dynamic development team.

Skills

Frontend Development

HTML | CSS | ReactJS + vite | Tailwind CSS | Next JS

Backend Development & Database

Node | MongoDB | JavaScript | Node.js | Express.js | Next.js | Git | GitHub | Visual Studio Code | npm | TypeScript | Prisma | SQL

Achievements

1.Developed a Personal Portfolio Website:

Designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my projects and skills.

2.Completed a Full Stack Web Development Course

Successfully completed a comprehensive full stack web development course, gaining hands-on experience with technologies such as React, Node.js, and MongoDB.

3.Developed a Real-Time Chat Application:

Created a real-time chat application using Node.js, Express, and [Socket.io](#).

4.Optimized Web Application Performance:

Improved the performance of a major web application by refactoring code and implementing lazy loading, reducing page load times by 40%.
